## **Summer Seasonal Staffing**

- 2023 has seen a significant shift in the hiring of seasonal staff from the past couple of years. Our seasonal hiring program has been much stronger this year with all positions filled in our summer camp program and pool facility
- SwimSafe has hired 40 lifeguards, 20 swim instructors and 5 pool attendants. While they have filled all of their main shifts, they will still be accepting sub positions.
- Jeffrey Summer Camp has also hired all of the main shifts and has also brought on a large number of sub positions. Adding subs, which generally consists of younger staff, provides opportunity for young employees and helps with experience for future years. JSC has 101 seasonal staff hired (41 subs) for this year.
