- Week one had an unusual air quality alert which we worked through.
  - Steps included reduced intensity of activities
  - Kept a close eye on campers/staff with risk factors like asthma and allergies
  - Spent some additional time inside as needed
- Camp Adventure, with 59 middle school campers, traveled to Kings Island. The weather could not have been better and a good time was had by all (I think)
  - The next Camp Adventure trip is this Wed., June 14<sup>th</sup> to Splatter Park for some paintball.
- Overall, camp is off to a great start. The cooler weather has been much appreciated by the staff. Staffing levels have been great, and we are very excited about the team of staff we have been able to put together this year.
