

## **Service Department Update**

### **Service Director**

### **Andy Bashore**

### **November 14th, 2023**

#### **Street Department:**

The crews have finished asphalt patches throughout the city. The crews main focus is on leaf collection; the second trip around the city started today.

#### **Water and Sewer Department:**

The Water/Sewer crew has been working on videoing the city's main lines to look for for issues and identify lines for future lining projects. Also, the crew is working on a back log of MTU replacements.

#### **Urban Forestry/Grounds Maintenance:**

The crews are doing tree maintenance and ground work throughout the city. Also, the crews have starting working on stump removals.

#### **Drexel Project**

Drexel-Main to Broad-The project is wrapping up, the contractor is finishing touch up and clean up work. The asphalt paving will take place in Spring 2024.

#### **2023 Sewer Lining Project**

Currently working on the bid package.

#### **2023 Street Project**

The project has been delayed until spring.

#### **Grandon Ave- Water Line Project**

The project should be complete later this week.

**Chelsea Ave-Water Line Project**

The project started today, which includes sewer improvements and new water main line. The project will be complete in the spring.

**Columbia Gas Main Replacement Projects:**

The project is complete, other than some touch up work. The paving portion of this project will be completed in the spring.
