

Mayor's Update to City Council

October 24, 2017

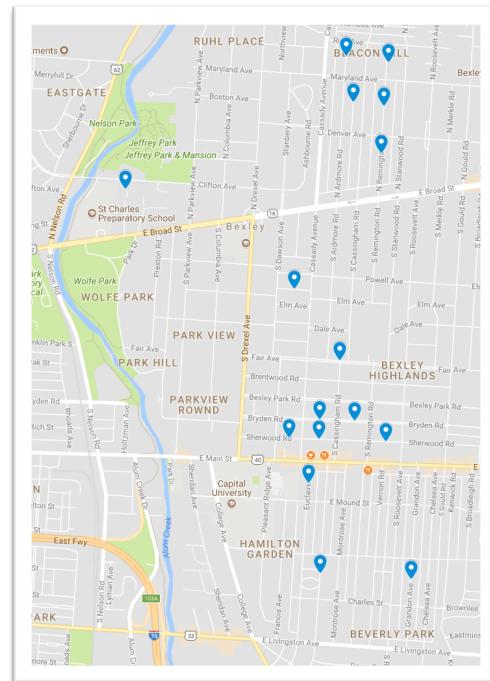

Food Waste Recycling Applications Are In

- 16 Blocks
- 307 residences
- Good geographical cross-representation

Gun Legislation Update

At last week's City Council meeting, City Council discussed pending gun legislation. Per our legislative liaison at the Ohio Municipal League, these 4 pending bills are most likely to move at the statehouse:

- **HB228/SB180 – Stand Your Ground Legislation**
Would extend stand your ground protection beyond residences, etc., and would decriminalize illegal carry of firearms
- **HB 233 – Concealed Carry Decriminalization**
Would decriminalize the illegal concealed carry of firearms at private properties, businesses, schools, universities, and government facilities
- **HB142 – Law Enforcement Notification**
Would no longer require concealed carry permit holders no notify law enforcement of the permittee's carrying of a concealed handgun when stopped
- **HB201 – Permitless Carry**
Would no longer require residents to obtain permits for concealed carry if above the age of 21; would no longer require concealed carry permit holders no notify law enforcement of the permittee's carrying of a concealed handgun when stopped; would expand the weapons able to be carried concealed

Drug Take Back Day on October 28

We're offering another opportunity this fall for residents of Bexley to safely and conveniently dispose of prescription drugs. Prescription drug disposal has become increasingly important, especially as we unite in efforts to help combat the opiate epidemic by reducing access to unused pain medication. The event will be held in the Lobby of the Bexley Police Department, 559 N. Cassingham Road.

Welcome Seven Studios to Bexley

Welcome [Seven Studios](#) to their new location at [Snap Fitness](#) in Bexley! Julie Wilkes and her crew have set up a great space - check it out! <http://7-studios.com/>
