Your comment  
to the Bexley  
City Council:: Hello!

With the terrifying rise in federal agents disappearing US citizens, it is imperative that every community fight back to the best of their abilities. I believe Bexley should take the lead in Central Ohio to help ensure the safety of its citizens.

Bexley should prioritize writing and signing into effect a law that requires any and all law enforcement while on official business within the city limits to not only display the name and identification of themselves, but also the agency that deploys them. Whether this is the Bexley Police, Franklin County Sheriff, FBI or ICE/CBP.

Further, Bexley should make it illegal for any and all law enforcement to carry out official duties while masked in a way that is not for health-related personal protection (i.e. N-95 masks).

Let Bexley lead the nation in creating a place where law enforcement is fair and transparent for everyone, as the Framers intended.

Thank you!
