CITY OF BEXLEY

RESIDENTIAL ON-STREET HANDICAP PARKING POLICY

Bexley On-Street Handicap Parking Policy

Introduction

The City of Bexley allows residents with a current and valid handicap parking permit to apply for on-street handicap parking signage in specific circumstances.

Criteria

In order to qualify for on-street handicap parking signage, the following criteria must be met:

- The applicant must be a Bexley resident. If a tenant, the applicant must have written approval from their landlord.
- The applicant must have a permanent Ohio BMV disability placard or plate with more than 12 months remaining on the permit. Applicants with temporary placards do not qualify for on-street signage.
- The applicant must not have access to off-street parking, or must demonstrate how off-street parking is not sufficient given their disability. In the majority of circumstances, driveway parking or garage parking availability will be viewed as sufficient, absent any unusual or special conditions.
- The applicant must complete an application for the on-street handicap parking signage, which will include, at a minimum:
 - Proof of a valid and current Ohio BMV disability placard or plate.
 - A statement that the applicant owns a car or has one for their use, along with corresponding vehicle registration information.
 - A statement that the applicant will notify the City of Bexley Service Department if they move or lose eligibility.
 - A statement that the applicant has no off-street parking available, or a written statement describing why existing off-street parking is insufficient.
- The applicant must pay an initial fee of \$50.00 to help to cover the costs of signage manufacturing and installation.

Annual Renewal

In order to maintain the on-street handicap parking signage after the initial year, the applicant must continue to apply, on an annual basis, for the life of the sign. Applicants with existing on-street handicap signage must complete and submit renewal applications to the City no later than December 31st for the subsequent year. Failure to renew by December 31st will result in the removal of the on-street handicap signage.

After receipt of a completed application along with the installation fee if applicable, the City of Bexley Service Department will contact the resident informing them of the status of their application and an estimated date of signage installation, if approved.
